

Recommendation letter

To whom it may concern

Globalworth is a leading real estate company with a primary focus on Poland and Romania, two of the largest markets in Central and Eastern Europe (CEE). Globalworth acquires, develops and manages commercial real estate assets, primarily in the office sector, with the objective of being the landlord of choice for the broad and growing variety of multinational corporations in the region. Globalworth has a real estate portfolio valued at c.€3 billion, managed by an internal team of over 200 professionals mainly located in Warsaw, Poland whereas Power Solutions worked within.

Power Solutions company carried out outstanding inspections of LV and HV installations and other electrical services in our locations around Poland.

They have been seen as very cooperative and flexible company. Brought their own ideas and optimization possibilities. Work quality have been evaluated as very good in accordance with economical, efficiency and time targets.

We are looking forward to continuing cooperative partnership with the company in the future
