

Mława 2020.12.22

Recommendation letter

To whom it may concern

Power Solutions company carried out outstanding relocation number of 80-100 Tons injection molding machines in our localizations across Poland.

They have been seen as very cooperative and flexible company. Brought their own ideas and optimization possibilities. Work quality have been evaluated as very good in accordance with economical, efficiency and time targets.

We are looking forward to continuing cooperative partnership with the company in the future
